MARS GAMING

MK3 KEYBOARD

MK3 keyboard with its exclusive H-Mechanical Red technology for pro-gaming experience. With professional anti-ghosting capability, internal gaming processor and keystroke optimized for gaming this MK3 is engineered for professional gamers.

MK3 includes an outstanding dual macro programing system: with hardware macro programing system without software and a customizable UI software for macro keys, with Macro recording in its internal memory.

This MK3 keyboard also highlights for its backlighting system, in 7 different colors, with intensity control.

MK3 includes premium features such as detachable keys, for interchange position and easy cleaning, braided cable and 18k gold plated USB connector.

*Software compatible with Windows XP/ Vista/ 7 32/64BIT / 8 32/64BIT
